

BRC Certificate

In the last week of July 2021, Herti passed successfully the recertification by the BRC/IOP standard gaining once more the highest grade “A” in the “High Hygiene” category and confirming the implementation of the new standard version. Herti applies the regulations of the Global standard for Packaging and Packaging Materials since 2010 and every year Independent audit organizations check the production conditions and machinery in the company and confirm the compliance with the standard. The BRC standard is a guarantee for the hygiene and safety of Herti’s products.
