PAVAN GROUP AT IRAN FOOD + BEV TEC 2016

Tehran International Fairgrounds 30 May - 02 June 2016. Hall 38, stand 38.1.10

Thursday, May 12, 2016 - 14:45

Pavan will participate at the next edition of the most important trade fair for food technology in Iran.

It will be an opportunity to meet the sales staff and local reps, and to discover the most important product innovations presented by the Group in 2016:

- the revolutionary **Multidrive** line for dry pasta manufacturing, with ground-breaking features in terms of product quality improvement, energy efficiency, footprint reduction.
- the new **Semolina HP55** purifier that assures +10% sifting surfaces, a completely innovative sieves configuration, footprint reduced by 12%, precise and uniform internal airflow distribution.
