

Signode India announces it's participation in the prestigious PackPlus South Exhibition 2014

Signode India Limited, a part of Signode Industrial Group, USA, is well known in the industry for its high quality bulk packaging. The company's history dates back to more than a century and this has just added to the expertise of Signode.

The company produces strap, stretch and protective packaging and also manufacture packaging tools and equipment that are used for bulk packaging materials. Signode's packaging products are used to contain, unitize protect and secure goods while warehousing and shipping. The company's customer oriented innovations in materials, processes and automation technology have revolutionized the sector.

Signode India will be participating in the forthcoming **PackPlus (South) Exhibition 2014** at HITEX International Exhibition Centre, Hyderabad, India where it is exhibiting its renowned on-line zipper applicators for resealable laminate packaging, vertical form-fill-seal and bag conversion machines, online print and apply with ribbon saver- track and trace solutions and lead integrator for automated packaging and warehousing.
