

The SMI Group represents Italy at the European Business Awards

The SMI Group was named one of 18 National Winners in the 2019 European Business Awards, one of the world's largest business competitions.

The winning companies were chosen from 2,753 businesses named as 'Ones to Watch' in a list of business excellence published in July and selected as a National Winner by a panel of independent judges including business leaders, politicians and academics.

All 364 National Winners will head to Warsaw, Poland on the 3rd and 4th of December to complete a final round of judging and attend both a Summit to engage in business issues, and the Gala Ceremony where the 19 winners for the 2019 European Business Awards, one for each category, will be announced. The SMI Group will represent Italy in the category "Business of the Year Award with Turnover of €26-150m".

“This is a significant achievement and selected companies are outstanding leaders in their field” said Adrian Tripp, CEO of the European Business Awards.

He continued: “The judges continue to be impressed and encouraged by the breadth of talent, innovation and success from businesses who are driving prosperity, creating jobs and improving lives across Europe. We wish all of our National Winners the best of luck in the final round and look forward to welcoming them to the Gala Final in December.”
