

## 1976 - 2016, we celebrate our 40th anniversary

2016 is a special year for TMG Impianti; it is the 40th anniversary. Without any doubt this is a great achievement that explain many TMG features. If the **expertise** in the end of line packaging machines is strength and able to satisfy the custom needs of the most important companies all around the world, another key factor in this long path is the **passion** and the **devotion in the job** of the people who are part of this recognized Italian

company.

The **Know-How** developed in these 40 years of history could be translate through the professional skills of the people that works in TMG: they projected, developed and offered products with an high level of reliability and performance.

With a company business view focused to the future, TMG's feeling is "**FREE TO BE**" as remembered in the 40th anniversary logo's payoff, free to be what the **history** has wrote until today, conscious of the fact that many other pages are going to be written by the TMG's people.
